War Criminals still at Large

They fail us all

Russia committed crimes against humanity and war crimes, including through its widespread practice of enforced disappearances, torture and reported drone targeting of Ukrainian civilians. It intensified aerial attacks targeting critical civilian infrastructure in Ukraine. Reports of Russian forces extrajudicially executing Ukrainian prisoners of war mounted. In the territories it occupied, Russia also took measures to suppress non-Russian identities. Outside of armed conflict, Venezuela's widespread practice of enforced disappearances, arbitrary detentions and torture against dissidents and others similarly amounted to crimes against humanity.

RUSSIA

Israel committed genocide, as well as multiple war crimes and crimes against humanity, against Palestinians in Gaza; the genocide continued beyond a ceasefire with Hamas on 9 October 2025. Its system of apartheid against all Palestinians also took a heavy toll, particularly in the occupied West Bank, including East Jerusalem, through high-intensity military operations and a sharp increase in state-backed settler violence. Mass protests against Israel's genocide spread around the world. A wide range of organizations, international bodies and states acknowledged that Israel was committing genocide. Nevertheless, in general, the world's most powerful governments failed to take meaningful action to stop the genocide or to bring an end to Israel's unlawful occupation and apartheid.

UGANDA

Described at different times as a terrorist, prophet and brutal killer, Ugandan Joseph Kony, who is wanted for war crimes, has escaped capture for more than two decades. His rebel Lord's Resistance Army (LRA) is notorious for abducting thousands of children to use as soldiers or sex slaves. A former Catholic altar boy, he has waged war and ordered violent attacks, first in his own country and then, after being forced out, in South Sudan, the Democratic Republic of Congo and Central African Republic (CAR). At one time he was pursued by Ugandan and US troops but they gave up the chase in 2017 arguing that with his dwindling band of followers he had become a spent force.
